Subject: U.S. Distinguished Service Cross + Medal; medals for War Workers

Manship, Paul

[42 Washington Mews, NYC]

August 22, 1918

August 22nd, 1918.

Mr. Paul Manship,
42 Washington Mews,
New York.

My dear Mr. Manship:-

We have now here at the Society both the Distinguished Service Cross and the Distinguished Service Medal. In case you have not seen them you might like to take a look at them. Viewing them in the actual they present a little better appearance then the photographs indicated.

I note that the Department of Labor will shortly issue a series of medals for the war workers. We are very anxious to get hold of all of this series which I understand you designed. Can you put us on to the best way of getting these, and, so as to know what we are talking about, could you give us a list of all the medals you designed for the different Departments, ~~as~~ I also note that you designed the badge for the Volunteer Medical Service Corps?

I remain,

Yours very truly,

Curator.
